

Ottawa Children's Coordinated Access and Referral to Services Submitting professional / Presenter Checklist

When making an application to Ottawa Children's Coordinated Access and Referral to Services the submitting professional / presenter is responsible for the following;

Review the application form to ensure that all the necessary documentation is completed. The cover page of the application form outlines what documentation is required and what documentation would be helpful. **The submitting professional is responsible for filling out the application form (not the parents/guardian).**

Ensure that the parent/guardian has received the parent-guardian guide, which outlines their rights and responsibilities.

Explain the presentation process to the parent/guardian and encourage them to attend. In order to enhance the parent/guardian's comfort level, please clearly explain to them the presentation process, the setting, those who will be in attendance, how long the presentation will last and the recommendation process.

Ensure that the parent(s)/guardian(s)/youth have signed all necessary consent forms including their signature at the end of the application form (Note: in a shared care agreement both guardians must complete and sign the consent forms). **You must ensure that consent is fully informed.**

Prepare a fifteen minute presentation that summarizes the service and family history, presenting problems and the services requested from the committee.

Be prepared to answer questions. In order to better understand the needs of the child and family, committee members might need to ask the presenter(s) and/or parent/guardian questions.

Inform the parent/guardian of the committee's recommendations and assist in their implementation. The recommendation will be sent to the submitting individual within 5 business days after the presentation.

Be in attendance for the presentation. The parent(s)/guardian must be made aware that the submitting professional's failure to be in attendance will result in a cancelled presentation.

Ottawa Children's Coordinated Access and Referral to Services (OCCARS) Client - Parent/Guardian Information Guide

Ottawa Children's Coordinated Access and Referral to Services Committees:

Ottawa Children's Coordinated Access and Referral to Services (OCCARS) is a case resolution mechanism designed to provide recommendations and referrals for families, children and youth who have complex needs and are experiencing difficulties gaining access to support and services in the community. The mechanism is also the single point of access for all intensive services, day treatment classrooms, flex funds and residential placements in Ottawa. The role of OCCARS is to offer assistance in the form of recommendations and/or referrals (not direct services) in an attempt to resolve difficult situations. Case resolution and referrals are offered through the OCCARS committees comprised of various professionals whose agencies provide services in the Ottawa region. OCCARS has Francophone and Anglophone committees to provide assistance to clients in their language of choice.

Ottawa Children's Coordinated Access and Referral to Services Principles:

The OCCARS uses the *System of Care* principles which include the following:

- Children and youth should have access to a comprehensive array of services that address their physical, emotional, social, and educational needs.
- Children and youth should receive individualized services in accordance with the unique needs and potentials of each child and guided by an individualized service plan.
- Children and youth should receive services within the least restrictive, most normative environment that is clinically appropriate.
- The families and surrogate families of children and youth should be full participants in all aspects of the planning and delivery of services.
- Children and youth should receive services that are integrated, with linkages between child-serving agencies and programs and mechanisms for planning, developing and coordinating services.
- Children and youth should be provided with case management or similar mechanisms to ensure that multiple services are delivered in a coordinated and therapeutic manner and that they can move through the system of services in accordance with their changing needs.
- Early identification and intervention for children and youth should be promoted by the system of care in order to enhance the likelihood of positive outcomes.
- The rights of children and youth should be protected and effective advocacy efforts for children and youth should be promoted.
- Children and youth should receive services without regard to race, religion, national origin, gender, physical disability, language or sexual orientation, and services should be sensitive and responsive to cultural differences and special needs.

The values guiding the OCCARS are the *System of Care* values which include the following:

- The system of care should be child centered and family focused, with the needs of the child and family dictating the types and mix of services provided.
- The system of care should be community based, with the locus of services as well as management and decision-making responsibility resting at the community level.
- The system of care should be culturally and linguistically competent, with agencies, programs, and services that are responsive to the culture, racial and ethnic differences of the populations they serve.

Who refers people to Coordinated Access and Referral to Services?

Professionals from community agencies, schools, mental health services or developmental service agencies make referrals to OCCARS. Their role is to assist families with the preparation needed to put together a presentation before a Coordinated Access and Referral to Services committee. It is the professional's responsibility to gather all the documentation needed and to help families fill out the OCCARS application form. The individual submitting the application will also prepare the presentation to the committee. However, it is strongly recommended that parents/guardians be actively involved in the application process and participate in the presentation. The submitting individual is also responsible to forward the recommendations of the committee to the family and assist with their implementation.

Who is eligible to be presented to the OCCARS committee?

Ottawa Children's Coordinated Access and Referral to Services is designed to assist children and families who have complex needs. These children and/or families must be able to demonstrate that they have attempted to use various community services, but have been unsuccessful in their attempts to resolve their current difficulties. In other words, OCCARS is designed to assist only those people whose needs have not been met by existing community services.

How does Ottawa Children's Coordinated Access and Referral to Services work?

OCCARS committee meetings take place on a predetermined schedule developed every year and rotate between Francophone and Anglophone meetings. These meetings occur throughout the year, however, not during the month of July and August for Day Treatment and August for Mental Health and Developmental Sector.

Once the submitting professional(s) and the family have gathered all the necessary documentation, the application is forwarded to OCCARS or the Student Services departments of each school Board (day treatment only). When it has been determined that a file is complete, the submitting individual will be contacted to arrange a presentation date and time. Parents are strongly encouraged to participate in the presentation in order to share their concerns and needs.

Ottawa Children's Coordinated Access and Referral to Services presentations:

Presentations last approximately 15 minutes and provide the committee with a brief service and family history, the primary presenting problems and the services requested. Committee members will have a few minutes to ask the presenters questions should it be needed to help them make the most appropriate recommendations and or referrals. After the presentation, the committee will deliberate and develop recommendations and/or referrals in an attempt to resolve the situation. Within approximately five working days, the committee's recommendations will be forwarded to the submitting professional who must then forward the recommendation to the family and assist them with their implementation. When different service providers are involved with the family, a joint presentation is strongly recommended. The presenting worker must be in attendance for the presentation. The submitting individual's failure to be in attendance will result in a cancelled presentation

Who participates on the OCCARS Committees?

The OCCARS committees are made up of many children and youth service providers.

These agencies are:

- Association pour l'intégration sociale d'Ottawa
- Centre Psychosocial
- Champlain Community Care Access Centre
- Children's Aid Society of Ottawa
- Children's Hospital of Eastern Ontario
- Christian Horizons
- Conseil des écoles catholiques du Centre-Est
- Conseil des écoles publiques de l'Est de l'Ontario
- Crossroads Children Centre
- Dave Smith Youth Treatment Centre
- Maison Fraternité
- Ministry of Children and Youth Services
- Ministry of Community and Social Services
- Ministry of Community Safety and Correctional Services
- Ottawa-Carleton Association for Persons with Developmental Disabilities
- Ottawa Catholic School Board
- Ottawa Carleton District School Board
- Ottawa Children's Treatment Centre
- Ottawa Inuit Centre
- Ottawa Rotary Home
- Rideauwood Addiction and Family Services
- Roberts Smart Centre
- Roger's House
- Royal Ottawa Mental Health Centre
- Service Coordination des services
- Wabano Centre for Aboriginal Health
- Youth Services Bureau
- Youturn

As a Client - Parent/Guardian you have the right to:

1. Expect that the committee will keep the information gathered and presented confidential. You should know that if the committee recommends a referral to an agency that is a member of the OCCARS Committee and/or provides services for the committee, they would be provided with a copy of the documentation gathered for the presentation unless you have specifically indicated that you object to this practice.
2. Be present during discussions related to you and your family.
3. Appeal the refusal of services by the committee.
4. Refuse any or all of the services recommended.
5. To see your file and decide who else may see it (we are required to keep the client file for ten years after the last contact with OCCARS).
6. To receive assistance from OCCARS in French or in English.
7. To be fully informed about how your personal information will be used, shared and stored (see consent forms). If you have any questions or concerns regarding your personal information, please contact:

Developmental Sector/MCSN

Cathy Lonergan
2675 Queensview Drive
Ottawa, Ontario
K2B 8K2
613-729-0577 ext 1254

Day Treatment/Mental Health

Caroline Vinette-Arseneau
2675 Queensview Drive
Ottawa, Ontario
K2B 8K2
613-729-0577 ext 1212

If you have any objection to our privacy practices, you may make this objection in writing to Mrs. Lonergan or Mrs. Vinette-Arseneau and we will ensure that it is investigated promptly and that you are provided with a formal written decision with reasons.

What you can expect from the committee:

The OCCARS committee is committed to:

- Assisting children and their families by making recommendations and or referrals in an attempt to resolve complex situations that have not been helped through existing services.
- To recommend the least intrusive measure possible. As a result, a unique access to the Child and Family Intervention (CFI) Mental Health residential bed offered through the Roberts/Smart Centre is considered the last resort.
- Providing feedback to parents/guardians and presenters.
- Forward referrals to the appropriate agency.
- Maintain the confidentiality of all cases presented to OCCARS.

Limits to confidentiality:

There are three circumstances that would require the Ottawa Children's Coordinated Access and Referral to Services Committee to report information without your consent.

1. If we were told that someone is planning to seriously harm someone.
2. Under the law, if we were to believe that a child under the age of 16 is at risk of harm we must report this to the Children's Aid Society.
3. If there is a court case and the judge demands it, we must release the file to the judge who will decide if any of the information is relevant to the trial.

Appeal Process:

The desired outcome of a referral to Coordinated Access is to offer recommendations to resolve unmet needs of children. It is important to note that the implementation of Coordinated Access recommendations remain at the discretion of the client (where appropriate), parent or service provider. An appeal may only be initiated as a result of being denied services. As such, a parent or service provider may not appeal based on their "preference" of service or request. Appeals must be made to the Manager of Coordinated Access in writing within 5 days of the recommendation date and must include any additional information supporting the request for an appeal. If the manager determines that new or additional information warrants a review, the manager will reconvene the committee to review the recommendations and new information provided by the family or service provider. However, upon review, the clinical decision of the committee will be final. If the family/service provider remains unsatisfied following the review, they must notify the Manager of Coordinated Access in writing within 5 days of the final decision to request a Steering Committee review. The Manager will then convene the Steering Committee within 14 days to review the committee's process in reaching their decision. It should be noted that the Steering Committee will not review or overturn the case resolution committee's clinical recommendations. The Steering Committee's review will solely focus on ensuring the process (as outlined in the parent guide and Coordinated Access' values and principles) were adhered to. If the Steering Committee determines the case resolution process was adhered to, the committee's recommendations will be supported. However, should the Steering Committee deem that the process was not followed, they will reconvene the case resolution committee to proceed with a new presentation. The manager of Coordinated Access can be reached by mail at: 2675 Queensview Dr. Ottawa, ON K2B 8K2 Attention to the Manager of Coordinated Access or by email at info@coordinatedaccess.ca

Application Form

Developmental Services / MCSN Case Resolution

The completed application form, supporting documentation and signed consent forms must be submitted to Coordinated Access for the application to be considered. No presentation dates will be provided prior to this documentation being submitted.

A fax copy may be sent to Coordinated Access for review with the original to follow at either the presentation or in the mail in order to expedite the process.

COORDINATED ACCESS MECHANISM

- I understand that if the committee recommends a referral to an agency working with Ottawa Children's Coordinated Access and Referral to Services they would be provided with a copy of the documentation gathered for the presentation and the committee's recommendations. Should respite services be recommended, Terrace Youth Residential Services Inc. will also receive a copy of the documentation gathered for the presentation and the committee's recommendations.
- I am aware that, following my consent, a file is opened for the purpose of a Ottawa Children's Coordinated Access and Referral to Services presentation. The information gathered will remain the property of Coordinated Access and Referral for ten years after the last contact and will be archived at the Youth Services Bureau of Ottawa.
- I am aware that the file will be kept confidential. A copy of the information gathered will be kept in the file, as well as on the Youth Services Bureau of Ottawa's confidential database.
- I have been given the "Client - Parent/Guardian information guide" that includes information about my rights, responsibilities, risks, benefits and appeal process related to Ottawa Children's Coordinated Access and Referral to Services.
- I have been made aware that I have the right to refuse any recommendations/referrals to services made by the Ottawa Children's Coordinated Access and Referral to Services Committee.
- I understand that there are three circumstances that would require the Ottawa Children's Coordinated Access and Referral to Services Committee to report information without my consent. They are,
 1. If the committee were told that someone is planning to seriously harm someone.
 2. Under the law, if the committee believes that a child under the age of 16 is at risk of harm we must report this to the Children's Aid Society.
 3. If there is a court case and the judge demands it, Ottawa Children's Coordinated Access and Referral to Services must release the file to the judge who will decide if any of the information is relevant to the trial.

I agree to be contacted by Ottawa Children's Coordinated Access and Referral to Services in order to give feedback about my level of satisfaction with the process and the services I have received (please fill out contact information below).
